

Dipped in Gold™

AN AI-DISCOVERED PEPTIDE LOTION

As we get older, our skin starts to show signs of aging. It loses its strength, elasticity, moisture, and glow. Plus, sunlight, pollution, and harmful toxins can make these changes happen faster. Dipped in Gold™ is a lotion designed to help support these changes – featuring PeptiYouth™, a unique AI-discovered ingredient to help smooth and firm the skin. Dipped in Gold™ promotes a more youthful radiance by supporting antioxidant status and collagen production and helps protect your skin from internal and external stressors. This lotion also supports the high energy demands of your skin during the natural aging process, which helps you look youthful and healthy.

DFB10Z-DFB | 1 oz

**GLUTEN FREE | PARABEN FREE |
 PHTHALATE FREE | SULFATE FREE | PETROLEUM FREE |
 SYNTHETIC FRAGRANCE FREE**

Recommended Use

Apply 1 pump to the face and neck twice daily in the morning and evening after cleansing as part of your skincare regimen

BENEFITS

- 1 PROMOTES HEALTHY-LOOKING SKIN DURING THE NATURAL AGING PROCESS
- 2 PROMOTES SMOOTH SKIN TEXTURE, TONE, FIRMNESS AND ELASTICITY
- 3 SUPPORTS ANTIOXIDANT STATUS IN THE SKIN
- 4 MAY HELP PROVIDE SKIN PROTECTION FROM ENVIRONMENTAL STRESSORS
- 5 MAY SUPPORT COLLAGEN PRODUCTION
- 6 SUPPORTS THE BODY'S NORMAL HEALING PROCESSES

Ingredients: Water, Cyclopentasiloxane, Glyceryl Stearate SE, Propanediol, Cetearyl Oliviate, Caprylic/Capric Triglyceride, Squalane, Sorbitan Oliviate, 1,2-Hexanediol, Alcohol, Cetyl Alcohol, Jojoba Esters, Pentylene Glycol, Glycerin, *Macadamia ternifolia* Seed Oil, *Olea europaea* (Olive) Fruit Oil, *Bixa orellana* (Annatto) Seed Extract, Geranylgeraniol, Tocotrienols, S-Pea Oligopeptide-1 Sp, Ubiquinone, Creatine, Carnosine, Hydrogenated Phosphatidylcholine, Magnesium Ascorbyl Phosphate, Quercetin, *Malpighia glabra* (Acerola) Fruit Extract, *Punica Granatum* (Pomegranate) Seed Oil, *Aloe barbadensis* (Aloe) Extract, *Camellia sinensis* (Green Tea) Leaf Extract, *Cucumis sativus* (Cucumber) Fruit Extract, *Citrus aurantium bergamia* (Bergamot) Fruit Extract, *Citrus limon* (Lemon) Peel Extract, Triethyl Citrate, *Lavandula angustifolia* (Lavender) Flower/- Leaf/Stem Extract, Citric Acid, Xanthan Gum, *Pyrus malus* (Apple) Fruit Extract, *Rosmarinus officinalis* (Rosemary) Leaf Extract, *Rubus idaeus* (Raspberry) Fruit Extract, *Salvia officinalis* (Sage) Leaf Extract, *Salvia sclarea* (Clary) Extract, *Vaccinium macrocarpon* (Cranberry) Fruit Extract, *Vanilla planifolia* (Vanilla) Fruit Extract, Cholesterol, Polysilicone-11, Sodium Benzoate, Potassium Sorbate, Sorbitan Oleate Decylglucoside Crosspolymer.

JUST THE FACTS

- **PeptiYouth™** – Unique AI-discovered peptides derived from nature that are designed to promote youthful-looking skin and potentially lower the development of fine lines, wrinkles, and unhappy pores.
- **Vitamin E tocotrienols** – A form of vitamin E derived from annatto seeds (as DeltaGold®) that supports skin hydration and promotes normal skin cell repair processes. Vitamin E tocotrienols may support antioxidant status and healthy inflammatory responses in the skin. May provide some defense from environmental factors that can lead to wrinkles, fine lines, or discoloration.
- **Geranylgeraniol (GG)** – Found in plants like annatto, flax, sunflower, and olive oil. Geranylgeraniol (as GG-Gold®) supports the high energy demands of the skin.
- **Ubiquinone** – A beneficial form of coenzyme Q10 (CoQ10), a mighty molecule that promotes antioxidant status and cellular energy in the skin. Plus, it supports collagen production and healthy skin regeneration.
- **Creatine** – A molecule vital for efficient cellular energy production, especially in cells that are harmed by environmental stressors.
- **Vitamin C** – A potent antioxidant that supports collagen production in the skin. May help promote skin firmness, elasticity, and hydration, and improve the look of wrinkled skin. Delivered in a non-irritating, stable, and highly absorbable form of vitamin C.
- **Carnosine** – Carnosine is a naturally occurring compound that supports the skin's ability to protect against factors that can accelerate the skin aging process.
- Features numerous plant-based compounds that contribute to this lotion's aromatic smell and may help support collagen production, antioxidant status, and optimal skin health.
